Mern Stack Developer Intern
AutoWhat

- My academic focus lies in mastering MERN stack development, and I'm actively engaged in refining my skills through practical experience. Presently, I'm immersed in an internship at Autowhat Company, where I'm gaining invaluable insights into the industry.
- Autowhat company is provide service of Chat Bot to her client so developers work is make a chat bot.
- For making a chat bot we use of **Node.js, Express.js and MongoDB.**
- And also Design websites using the **React.js.**

PROJECTS

Portfolio Website

- A **Portfolio Website** is a digital platform that showcases an individual's or a company's work, skills, achievements, and experiences.
- It serves as a professional representation of one's abilities, often used by freelancers, artists, designers, developers, and professionals from various fields to attract potential clients, employers, or collaborators.
- A well-designed portfolio website typically includes sections such as an about me page, portfolio showcasing past projects, a resume or CV section, contact information, and sometimes testimonials or client feedback.
